From the Principal

- **DECD new directions:** Tony Harrison, our DECD Chief Executive launched the draft new organisation structure for DECD at Morphettville on 4th September with around 1000 educators present. All Principals from around the state were summoned to attend. Our students Rekiesha and Finn did the welcome to country very well on this occasion. This was a very proud moment for me to see the confident manner in which our students can undertake such a responsibility. A review of DECD central office has been undertaken by an independent review team aimed at improving efficiency and efficacy in service delivery to the state’s schools. There will be a shedding of around 300 DECD central staff, at this time it appears these will be mostly clerical and project officers. Also announced were some very big IT system changes including a $100m upgrade to the DECD Software Ed SAS (now over 20 years old) enabling much better fluency of data and students, more efficient monitoring of student data and easier enrolment processes for families enrolling their children into the DECD system and less paperwork for parents. These were all promised and all due by 2018. Full details are available on the DECD web page if you would like to view this draft proposal.

- **Key inclusions in the briefing are:**
  - to remove as many of the prefabs as possible except the P1 and P2 buildings closest to the staff room and remodel these, whilst keeping the Special Ed prefab building
  - construct an extension to the Administration area to add additional office space and to build a larger meeting room so that we don’t need to use the computer rooms for meetings
  - construct three new GLAs (General Learning Areas) on the current hand tennis courts near the canteen with external cladding to match the Gym and PAC
  - remodel at least some of the science laboratories
  - repainting some interior areas of the school
  - landscaping around the new areas.

- **Primary STEM visits:** They keep on coming…. In week 8 we had a successful visit from Largs Bay School’s year 6 students. These visits are a major success and such a boost to the school’s programs and transition learning activity for primary schools.

- **Maritime Program/STEM:** A delegation from NT is coming to visit and work with us on 23 September. The delegation, which will include the CE of NT Education, will visit to discuss our Maritime programs development.

- **Special thanks to Shane Ash:** Shane organised fabulous tours for our Maritime Engineering and Naval Architecture students at ASC… students and teachers have been enormously impressed at what they saw and learnt. Sincere thanks to Governing Counsellor Shane.

From the Principal cont

- Thierry Herman: The Naval Architecture class has built a mini-sub and it featured in the DECD display at the Royal Adelaide Show. This was a stunning undertaking with a huge amount of time, ingenuity and skill contributed by teacher Thierry Herman and his class. Please see the other article in this newsletter outlining the success of the team! Congratulations to all involved.

- Course Counselling: this day went very well, many thanks to the staff, students and parents who were so well prepared for this important day. Planning for an e-version of subject selections is continuing for next year to make it even easier for parents and students to pre-plan and then have the counselling session.

- RSL Virtual Memorial: Le Fevre has been selected along with several other Adelaide schools to trail this real life research project where students are tasked with researching the War records of individual service people and then detailing it for a special web site. Rachel McLaine is our contact teacher for this project. Congratulations on this work Rachel. See our web page blog for more details.

- International activities:
  - Le Fevre High has been invited by DECD, IES (International Education Service) to attend special sessions for schools earmarked for an expanded IES international student enrolment for 2016. We are excited at what this opportunity may mean for our school community in 2016.
  - We had an overnight planning camp for the Laos/Cambodia trip students on 14th September and final a meeting with the parents on 16th September. All set to go then! The students will be posting a blog on the web page so the whole school community can follow their progress from 26/9 to 11/10.

- Training and Development Day: We participated in a very successful IB planning day at EDC (Education Development Centre) on 7th September with partner schools, OVC, Le Fevre Peninsula Primary School and North Haven Primary School. The focus was on moving forward with the new IB framework documentation.

- 2016 Enrolment: Year 8 students for 2016 are up by approximately 25 … over 2014. Sincere thanks to our transition team led by Craig Bailey and the students for choosing our school.

- Special Soccer Academy Program: We are continuing to get positive enquiries about this program… exciting times as we embark on this program in 2016.

We would like to introduce you to Le Fevre’s latest school based apprentice.

Meet Alannah (Lani) Chenoweth! Lani is a Year 11 student undertaking a Certificate III in Hairdressing with Melange Hair and Beauty in the city.

Lani is currently working Wednesday, Thursday and Fridays weekly. Her qualification will involve completing national competencies with Clip Joint Academy where she will accrue up to 130 Stage 2 credits.

Lani also has the opportunity to continue her studies to learn the facets of the Beauty Industry as the salon also provides this service to its clients which is a rare opportunity.

The One And All on the Port River

Craig Bailey, Troy Barker and Rob Shepherd at the recent SA Secondary Principals’ Conference, which had the theme: ‘World Class Learners’
On Saturday evening August 8 at 8pm, Jasmine, Sarah, Alanna, Mitchell, Jacob, Lindsay and Declan boarded the Premier Stateliner bus heading to Falls Creek, Victoria.

The bus started at Balaklava to pick up the students from Balaklava H.S. and Burra C.S. then to Gepps Cross where we joined the group. Our next stop was at Tailem Bend where we collected Swan Reach A.S. to endure the long 15 hour trek to Falls Creek.

At 11am Sunday morning we arrived at our destination and unloaded our luggage to be transported over snow to the Lakeside Lodge. The students were allocated their rooms then down to Halleys Ski Hire to collect our skiing or snowboarding equipment. We stayed there for lunch then back to our lodge to prepare for our first 1.5 hour lesson. All the students had lessons and were sorted into classes governed by ability and their chosen discipline. After the lesson we all found our way back to the Lakeside Lodge to get ready for dinner.

On Monday and for the rest of the week our lessons were at 8:30am to 10. This meant everyone had to be up by 6:15am and down for breakfast, then ready to leave the lodge by 8am. For those who were confident enough most were able to ski or board to the chair lift to Cloud 9 where we assembled for lessons. The instructors are certified and very competent people who come to Australia from all over the world who follow the sport in both hemispheres.

Thursday evening at 8pm, after dinner, we all went to the Village Bowl at the bottom of the summit run, where there was live entertainment including fire pole spinning, skiing and snowboarding demonstrations by the ski school instructors down the summit. This was followed by a spectacular fireworks display.

I am so proud of the behaviour of the Le Fevre H.S. students on this trip who were polite, courteous and socialised with all the other students from participating schools. All our students were able to ski or board in control by the end of the week and thoroughly enjoyed the learning experience. The snow this year at Falls Creek is the best I have seen in the 12 years I have taken schools on this trip. It snowed every day and at times the sun broke through the clouds and there were times we had a complete White Out. The accommodation and meals that were supplied at the Lakeside Lodge were really good, the staff and management at the lodge made sure all went smoothly and we were comfortable. The bus company was Premier Stateliner who provided a luxurious coach and an efficient service. There were two drivers that alternated every 4 hours to ensure a safe passage to and from our destination.

I look forward to organising the 2016 school ski trip which starts from now, so if you are interested talk to your parents and start saving.

Chris Chrisakis
Ski Trip Coordinator
I had the pleasure of watching the Naval Engineering students present their project to the judges on Wednesday. The team did a fantastic job presenting to the judge;

- A verbal presentation,
- Computer Aided Design process,
- Computer Aided Manufacture process,
- Publicity and marketing and their booth display.

In all of these presentations the students were clearly able to articulate their knowledge and understanding of the concepts learnt through completing their submarine. They were excellent ambassadors for the school. Given the fact that the project has been completed during this and part of last term, it constitutes a great amount of work and learning has been achieved.

Overall in the state competition the Le Fevre Submariners achieved a third place and they should be commended for their efforts.

On Tuesday they had a sea/pool trial at Prince Alfred College where teams were asked to present their boats and perform set tasks. To many this was seen as the most important part of the submarine project i.e. does the boat perform like a submarine should? This task measured

- Readiness to set sail
- Teamwork and cooperation
- Experiment and Improvement
- Performance

I am pleased to say that Le Fevre Submariners won first place.

The achievements of our students highlighted the fact that if you have a passionate teacher such as Thierry who is able to inspire students great results can be achieved. It has been well documented that Thierry has spent many hours ensuring that the students were well prepared for this task. What I think has been underestimated is his ability to ignite a fire in the students who displayed the same type of passion for the task to the judges.

Congratulations duly deserved.

_Eddie Grzeskowiak_
Coordinator of Technologies/STEM

Thierry even found some time to explain some laws of physics!

Port to Port Charity Walk
We are excited to take this opportunity to inform the wider Le Fevre Peninsula schooling community of the Port to Port Charity Walk that two Ocean View College teachers, Danni Weaver and Lyndon Parham have created and are partaking in, during December-January this year.

The ‘Port to Port Charity Walk’ is a 30-day, 600km walk from Port Augusta, SA to Port Elliot, SA.

Inspired by the adversities that some of their students are facing they were determined to make a difference in the lives of young people everywhere by proving that with resilience, determination and a positive mindset anything can be achieved. The donations from this charity walk will go to The Smith Family and beyondblue to assist them in continuing to successfully make a difference in the areas of mental health and disadvantaged children.

They hope to demonstrate that with nothing more than a little determination and a positive mindset that young people everywhere have the ability to achieve the seemingly impossible, regardless of their circumstances. It’s their hope that young people everywhere will dream a little more and aim a little higher for the happy future they all deserve, because no child should grow up without hope, without dreams or without someone in their lives to believe in them.

We ask that as a Le Fevre Peninsula schooling community we support this event in any way that you can whether that be through raising awareness, partaking in upcoming fundraising events, donating to this wonderful cause, or joining Danni and Lyndon for various stages on the walk.

For further information and to stay up to date with events and current donations, visit the following links;

INDOfest @ North Terrace: Enjoy Indonesian Food and Culture Monday 5 October 2015

INDOfest @ North Terrace, the key event of the annual INDOfest community festival presented by the Australian-Indonesian Association of South Australia (Inc), will be staged in Adelaide’s North Terrace Cultural Precinct from 11am to 7pm on Labour Day, Monday 5 October.

This FREE family event showcases the contemporary face of Indonesia to the people of Adelaide. Now in its eighth year, the festival will present a variety of traditional and modern music, dance and cultural activities, as well as culinary delights from the enchantingly different regions of Indonesia including Sumatra, Java, Kalimantan, Sulawesi, Bali, the Eastern Nusa Tenggara islands and Papua.

In addition to the line-up of local talent, this year the festival is featuring Dora Melati, a Javanese dancer from Melbourne who will bring with her members of the famous Jakarta-based Wayang Orang Bharata Jakarta.

The screening of finalists of the INDOfest School Films competition and the presentation of prizes will take place in the Art Gallery’s Radford Auditorium at 3pm.

There will be fun workshops on mask making, dancing, angklung, drumming and kite-making for children and the young at heart.

FREE car parking on the Torrens Parade Ground and free street parking is available. Entrance is via Kintore Avenue and the lane between the SA Museum and the Art Gallery on North Terrace.
OVERDUE TEXT/LIBRARY BOOKS

Text and Library books are valuable school resources. We ask that families search for any overdue books and return them to the school as soon as possible.

SMS SYSTEMS

Please be advised that the SMS phone number for advising of STUDENT ABSENCES is 0427 186 710.

FIRST AID AND MEDICAL SUPPORT

STUDENTS WITH A MEDICAL CONDITION REQUIRE A HEALTH CARE PLAN These are specific to the student's medical condition i.e., Asthma, Epilepsy, Anaphylaxis etc. These Plans can be obtained from Student Services and must be completed by the parent and signed off by the Doctor.

STUDENTS ON MEDICATION Students must not administer their own medication, it should be given to Student Services in the original chemist packaging stating dosage information along with written consent from the parent.

If you have any questions in relation to managing medical conditions or first aid support for your child, please contact the First Aid Officer at school.

2015 MATERIALS AND SERVICES CHARGE

Prompt payment of your account would be appreciated. Please contact the school if you require any assistance with payment options listed below -

Payment of school accounts can be made in cash, by cheque or by using Visa or Master Card credit facility (in person or over the phone or by completing the credit card details on the statement and returning to school with your child), by EFTPOS or by using Bizgate (Visa & Master Card payments online via the school’s website www.lefevrehs.sa.edu.au) or by BPOINT DIRECT DEBIT.

2015 SCHOOL CARD GRANT

SCHOOL CARD GRANT is a Commonwealth Government Grant for the purpose of paying Materials & Services Charges for eligible families. The amount of the grant in 2015 will be $299.00 for Secondary Students. Assessment for eligibility is made on taxable income for the 2013/2014 financial year. A new application for the School Card Grant must be completed and lodged each year. Application forms and more information about the grant are available from the school, please call us.
