Regional VET Programs next year, many Host Schools are offering 'Open Days' for interested families to find out more about a Regional VET Program (Course Details...). To help students make informed decisions about applying for Regional VET Programs next year, many Host Schools are offering 'Open Days' for interested families to find out more about a Regional VET Program (Course Details...).
Information provided in this brochure was correct at the time of printing. However, aspects of some programs may change & new programs may be added. Some programs may not run where viable numbers of students are not available. Please check for updated information at www.wats.sa.edu.au.

Western Adelaide Secondary Schools Network (WASSN)

WASSN is a member group of Department for Education secondary schools in Western Adelaide who work collaboratively to deliver & promote comprehensive secondary education to Western Adelaide. Non-member schools are invited to join our Regional VET Programs that provide students with access to vocational learning across a wide range of industry areas that could lead to further education and training plus employment. Students are able to achieve their South Australian Certificate of Education (SACE), while learning skills & working towards industry-accredited qualifications, through Vocational Education & Training (VET) programs & School-based Apprenticeships.

Other schools who participate in our Regional VET Programs include the following:
Immanuel College, Mount Carmel College, Nazareth Catholic College, Sacred Heart College, St George College and St Michael’s College

For more information go to www.wats.sa.edu.au
What is Vocational Education & Training (VET)?
VET refers to national vocational qualifications that are endorsed by industry. VET qualifications provide students with the opportunity to develop specific industry related skills. Students with VET qualifications are well prepared to take on apprenticeships (including School-based Apprenticeships). VET Pathways can lead to further education and training also sustainable employment.

What are Regional VET Programs?
Regional VET programs provide students in years 10, 11 & 12 in Western Adelaide with increased vocational pathway options through a broad range of VET program choices. Regional VET programs are hosted by schools & Registered Training Organisations (RTOs). Students remain enrolled at their Home School & attend the Host School or RTO for their chosen VET program.

What are the benefits of choosing VET?
• Gaining a nationally-recognised qualification while completing your SACE.
• Getting a ‘head start’ in your chosen career.
• Making your senior school study more relevant & interesting.
• Providing opportunities to learn ‘on-the-job’ through workplace learning.
• Gaining the skills & knowledge that employers look for.
• Providing pathways into apprenticeships, traineeships (including School-based Apprenticeships & Traineeships), further education or training & direct employment.

How will I travel to my VET course?
In most cases, students will be required to arrange their own transport to VET courses & workplace learning. Please speak to your VET Leader to find out what assistance may be available from your Home School.

Will I have to pay to participate in a Regional VET Program?
Department for Education (public) schools in Western Adelaide region (wASSN) will subsidise the training cost for students if it is part of the students’ genuine career pathway & SACE. Please check the level of subsidy with your home school. What remains of the training cost is the wASSN Gap Fee associated with that course. For many courses the wASSN Gap Fee will be zero. Home schools will invoice families for the wASSN Gap Fee (if any) & the compulsory Regional VET fee of $100.00. In some courses there may be specific personal items or materials the student will require (e.g. uniform, steel capped boots or other equipment that becomes the personal property of the student). If not purchased personally by the student or family, the HOST School (where you are doing the VET course) will invoice families for these items. Please see www.wats.sa.edu.au for these details under the course name. Students from private (non Department for Education) schools (or Department for Education schools outside of Western Adelaide) who wish to apply, will need to discuss program costs & their school’s VET payment policy with their school’s VET Leader.

Please note: Schools outside of the member & non-member school portfolio as per wASSN Policy there will be an additional fee of $100.00 per student – GST based on administration fees. The student’s home school will collect this fee from the family directly.

Training Guarantee for Secondary Students (TGSS)
If a course in the brochure is advertised with a ‘TGSS’ this will be a fee that is paid fully or partially by the government to the Registered Training Organisation (RTO) although in some cases there may be an additional gap fee that needs to be paid as this course may not be fully funded. Families may or will be required to pay for the TGSS fee if one is required for the course you will attend. Please check the level of subsidy with your school as to how much the school will support.

How will I travel to my VET course?
In most cases, students will be required to arrange their own transport to VET courses & workplace learning. Please speak to your VET Leader to find out what assistance may be available from your Home School.

Will I have to pay to participate in a Regional VET Program?
Department for Education (public) schools in Western Adelaide region (wASSN) will subsidise the training cost for students if it is part of the students’ genuine career pathway & SACE. Please check the level of subsidy with your home school. What remains of the training cost is the wASSN Gap Fee associated with that course. For many courses the wASSN Gap Fee will be zero. Home schools will invoice families for the wASSN Gap Fee (if any) & the compulsory Regional VET fee of $100.00. In some courses there may be specific personal items or materials the student will require (e.g. uniform, steel capped boots or other equipment that becomes the personal property of the student). If not purchased personally by the student or family, the HOST School (where you are doing the VET course) will invoice families for these items. Please see www.wats.sa.edu.au for these details under the course name. Students from private (non Department for Education) schools (or Department for Education schools outside of Western Adelaide) who wish to apply, will need to discuss program costs & their school’s VET payment policy with their school’s VET Leader.

Please note: Schools outside of the member & non-member school portfolio as per wASSN Policy there will be an additional fee of $100.00 per student – GST based on administration fees. The student’s home school will collect this fee from the family directly.

VET for Tertiary entrance
VET can count towards tertiary entrance for university & TAFE as “Recognised Studies” (to a maximum of 20 credits in an ATAR). Students also need to satisfy all other university entrance criteria. For completed VET qualifications to count as Recognised Studies, they must be:
• a completed Certificate III level (or higher)
• recognised in the SACE at Stage 2 for at least 10 credits.

How do I apply for a Regional VET Program?
Step 1: Read the information in this brochure.
Step 2: Read the detailed course information for the course/s you are interested in & encourage your parents/caregivers to read this too. This information is available for each course on our website (www.wats.sa.edu.au).
Step 3: Fill out the Student Application Form & the Commitment to pay form with handing it to your VET Leader by Friday week 8, term 3 (13 September, 2019). See your VET Leader for a copy of this form, or download it from www.wats.sa.edu.au.
Step 4: You will be provided with more information about the course from the Host School, including the particular selection & enrolment procedures, which may include an interview. Selection for entry to regional courses will be based on the following principles:
• Demonstrated capacity for independent learning & meeting the requirements of the program.
• Identified relevant interest and/or experience in the program.
• Commitment to a post-school pathway in this area.
Step 5: Applicants will be advised of the enrolment outcome early in term 4.
Step 6: Applicants may need some further subject counselling at their Home School to ensure that VET programs are included in their SACE & timetable.

For more information go to www.wats.sa.edu.au
# Training Cost - total fee per course. # Subsidise Cost - please check the level of subsidy with your home school, in regards to the training cost as per course.
