FRUIT FLY OUTBREAK

2/2/2021

Dear Parent/carer

The department of Primary Industries and Regions (PIRSA) has updated its information about fruit fly restrictions in South Australia.

This might change the types of fruit or vegetables your child can bring to school/preschool/child care.

New colour coded maps for [metropolitan Adelaide](#) and [Riverland](#) residents show the red outbreak areas, yellow suspension areas, and green areas not affected by fruit fly.

Our school is located in a red outbreak area.

Your child must not bring any fresh fruit and vegetables on [this list](#) to school, preschool or child care. This applies even if it has been cut up.

Instead, PIRSA has provided a list of [alternative fresh fruit and vegetable options](#) suitable for lunch and breaks.

Grated, dried, frozen, cooked or pureed fruit and vegetables of any kind are acceptable in any area.

We appreciate your cooperation as we help protect South Australia from fruit fly.

Craig Bailey

Principal
