STUDENT USE OF MOBILE PHONES AND PERSONAL DEVICES AT LE FEVRE HIGH SCHOOL

SCOPE

This school policy is implemented in line with Department for Education's [Student use of mobile phones and personal devices policy](#), which applies to all government schools. This document provides direction to students, staff and families about managing personal devices that students choose to bring to school.

For the purposes of this policy, personal devices include mobile phones, smart watches and other digital devices that are capable of sending or receiving messages or calls and/or able to connect to the internet, and personal laptops or iPads that are not owned by the school and have not been brought to school by the student under a separate Bring Your Own Device (BYOD) agreement.

RATIONALE

With the widespread increasing ownership of mobile phones and other devices among students it is critical that schools, in partnership with families, provide clear guidance for students to become informed, safe, respectful and responsible digital citizens.

It is the Department for Education's position that access to personal devices during school hours must be managed so that students can be fully present in their learning and in their interactions with their teachers and peers.

The aim of this policy is to help promote:

- Safe environments with reduced negative impacts of inappropriate use of devices at school, such as cyberbullying, exposure to harmful content and critical incidents that involve mobile phones
- Classroom environments where teachers can teach, and students can learn, free from distractions caused by personal use of devices
- Use of breaks as quality time away from screens, encouraging physical activity and play and meaningful face-to-face connections with peers.

PERSONAL DEVICES AT SCHOOL

Students are permitted to bring personal devices to school:

- As a measure to ensure their safety while travelling to and from school
- So that parents and part-time employers can contact them outside of school hours
- So they can be contacted about a person under their own care, where applicable
- To be used during school hours in line with an exemption that has been approved by the school under this policy

LE FEVRE
HIGH SCHOOL

While students are at school, or attending school activities, they must comply with any reasonable directions given by the school staff in line with this policy regarding their personal devices.

The Department for Education's policy requires all students at all department schools to keep personal devices 'off and away' between the start and end of each school day, and while they are attending school activities off-site, such as camps and excursions .

Students will not be able to access their personal devices at any time during school hours, unless they have received an approved [exemption](#) from the school to use the device for a specific, agreed reason. This means both physical access and remote access (e.g. connecting with the personal device via hotspot or using paired headphones).

STORAGE OF PERSONAL DEVICES AT SCHOOLS

Students will turn their devices off or place them in flight mode before putting them away. This includes taking off and storing any wearable technology that fits the definition of this policy, such as smartwatches.

MOBILE PHONE PROCESS

By 8.45am students will:

- Turn their phone off.
- Unlock their empty Yondr Pouch using an Unlocking Base at the School/Building Entrance(s).
- Place their phone inside the pouch, securely close it and store in their bag/on person.
- Each student will be responsible for their phone inside their Yondr Pouch, either in possession or stored in their bag, for the duration of the school day. Late students will complete this process at Student Services as they sign in.

As students exit the school grounds they will:

- Unlock their pouch using an Unlocking Base at the School/Building Exit(s).
- Remove their phone from their pouch.
- Place their Yondr pouch in their bag for the next day.
